DETAILED ACTION

The following action is in response to the amendment filed for application 10/679,555 on march 23, 2005.

Allowable Subject Matter

Claims 12, 15 and 17 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the power distributed 2-range transmission as claimed, and particularly including a third shifting element; a first path passed by the input shaft to a web of the first minus planetary gear set; a second path traveling via friction wheel variator and said lateral shaft to the sun gear, and including the remaining structures of claims 12, 15, and 17, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
